Cardiologist, Executive Director of the Heart and
Vascular Institute of LaPorte Hospital, and

Rev. Freeman Schrock, Pastor, New Church

Why is Health & Spirituality Important to Each of Us?

This series was inspired by an article in the periodical ***Spirituality and Health*** by **Dr. Mehmet Oz** entitled, "Dr. Oz Finds His Teacher," where he shared that his own personal and professional life have been deeply and positively affected by his spiritual enlightenment stemming from theologian Emanuel Swedenborg. **"As a physician, I seek to connect with my patients on both the physical and spiritual levels, since true healing is never about curing just the body. ...Swedenborg has made this easier for me."** To help fulfill one of the important tenets of the Swedenborgian faith, the congregation of LaPorte New Church chose this series in order to be useful to the community with love and wisdom. Everyone is welcome to attend.

**FREE ADMISSION, REFRESHMENTS
